**PROMINENT MINING MAN IN SERIOUS CONDITION**

William E. Madden, one of the pioneer mining men and mine managers of the Goldfield district, was reported last night to be dangerously ill and his friends and relatives expressed great anxiety over his condition, says the Tribune. He has been in ill health for several weeks. During the early days of the camp Mr. Madden was superintendent of the Florence Goldfield mine and has conducted extensive operations at other points in the district.

**COFFROTH HAS GOOD MATCH FOR NEW YEARS**

(By Associated Press)  
NEW YORK, Nov. 25.—The manager of Eddie Morgan, the English bantam weight, matched to fight Johnny Kilbane for the world's championship, has accepted the offer of J. W. Coffroth for the boys to fight 20 rounds for a purse of \$7000 at San Francisco on New Year's day.

A store that advertises must be a store of values—of "bargains"—or the advertising would not pay.

**NEW PURCHASERS BATH LEASE ARE SINKING SHAFT**

INCLINE IS BEING SENT DOWN ON ABOUT SIX FEET OF GOOD ORE

**Special to the Bonanza**

MANHATTAN, Nov. 25.—Since the purchase of the Bath lease by the Manhattan Hill Leasing company the shaft has been lowered 160 feet, with good ore and plenty of it all the way. The depth on the incline now is more than 450 feet, having started under the new management at 290. This is a new record for continuous ore in the lease or in the eastern end of the camp. The Big Four, at the west end, is the only one with a similar showing for continuity of ore in sinking.

A few days ago the ledge narrowed to about three feet, but remained so for only a shot or two, when it widened again. It now is at its normal width of six feet once more.

Manager D. R. Finlayson states that the grade of the ore is slightly less on an average than it was. While he does not authorize the statement, it is quite likely that the present average is about \$20 a ton. Previously it had been running \$25.

The character of the ore has not changed in the slightest. It has every sign of permanency that it ever had, particularly that of the gold being very fine and occurring in each and every particle of the rock. It is a far different proposition from the gold occurring in the seams or is plastered in flakes on the outside of the shaft. Although such a condition of enrichment would not condemn the showing, the present one of the gold being inside the rock is more satisfying to the operators in this case.

The 300-ton milling from this lease will soon have been accumulated and the War Eagle stamps will be dropping on it. Most of the amount already is in the mill's bins and considerably over 100 tons are lying on the dump at the shaft.

In every way the lease is still making good and maintaining its position of one of the top-notch producers of the camp.

**ADVERTISED LETTERS**

**Granted Insurance After Lung Trouble**

There are so many cases of Consumption reported where the details show the disease started with a cold or a cough, that it is really surprising that people are not more anxious to immediately stop these apparently minor troubles. Our advice is "stop the cough or cold, if possible, without delay." Otherwise more serious troubles are likely to follow. If the medicines you are taking do not bring relief, try Eckman's Alternative, as this man did:

237 Dean St., Brooklyn, N. Y.  
"Gentlemen: I am giving you below a brief history of my case, which I trust you will use for the benefit of those suffering from any similar troubles."

"About a year and a half ago I noticed that my health was rapidly falling, until at the end of six months my weight had fallen to 125 pounds. I was troubled with night sweats, a severe cough and was very weak, having in fact absolutely no ambition whatever. About this time I consulted a physician, who told me my lungs were affected. Not satisfied, I went to another doctor, who after examining me said that I was in the first stages of consumption. At this point I started to take Eckman's Alternative. The night sweats stopped almost immediately, my cough became looser and gradually disappeared. My weight is now 142 pounds and my physician has pronounced me perfectly sound—which, together with the fact that I have been accepted by two different insurance companies for insurance, makes me sure of my entire recovery by Eckman's Alternative. I should be very glad to communicate with any one who would be interested in my case."

(Sworn Affidavit)  
Eckman's Alternative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Troubles and in the building the system. Does not contain poison, opiates or habit-forming drugs. For sale by leading druggists. Ask for booklet telling of recoveries and write to Eckman Laboratory, Philadelphia, Pa., for additional evidence.
